DETAILED ACTION

Response to Amendment

- 1. Examiner acknowledges applicant's amendment filed on October 18, 2004 where applicant amended claims 1,4,9,10,11 and 12, and where applicant cancelled claim 5.
- 2. Upon review of the claims, the examiner restricts the claims as outlined below.

Election/Restrictions

- 3. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-3,9 and 11, drawn to computer network access regulating, classified in class 709, subclass 225.
 - II. Claims 4,6-8,10 and 12, drawn to computer network managing, classified in class707, subclass 223.
- 4. Inventions Group I and Group II are related as combination and subcombination.

 Inventions in this relationship are distinct if it can be shown that (1) the combination as claimed does not require the particulars of the subcombination as claimed for patentability, and (2) that the subcombination has utility by itself or in other combinations (MPEP § 806.05(c)). In the instant case, the combination as claimed does not require the particulars of the subcombination as claimed because it distinctly relates to computer network access regulating. The subcombination has separate utility such as controlling a plurality of servers as a group (i.e. computer network managing).

5. Because these inventions are distinct for the reasons given above and have acquired a

Page 3

separate status in the art as shown by their different classification, restriction for examination

purposes as indicated is proper.

6. A telephone call was made to Mr. Derek Auito on February 4, 2005 to request an oral

election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an

election of the invention to be examined even though the requirement be traversed (37 CFR

1.143).

7. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the

inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the

currently named inventors is no longer an inventor of at least one claim remaining in the

application. Any amendment of inventorship must be accompanied by a request under 37 CFR

1.48(b) and by the fee required under 37 CFR 1.17(i).

A SHORTENED STATUTORY PERIOD FOR RESPONSE TO THIS ACTION IS SET TO

EXPIRE THIRTY DAYS FROM THE MAILING OF THIS COMMUNICATION. FAILURE

TO REPOND WITHIN THE PERIOD FOR RESPONSE WILL CAUSE THE APPLICATION

TO BECOME ABANDONED (35 USC § 133). EXTENSION OF TIME MAY BE OBTAINED

UNDER PROVISION OF 37 CFR 1.136(A).
